

Installation Instruction for #Lavenir

Step 1: Using the electric drill to install the legs of the bed

TIPS: 4 legs for headboard ; 5 legs for storage bed side; 5 legs for massage bed side, 5 legs for Footboard.

Step 2: Using the electric drill to Screw the small steel corner & big corner (4*big steel corners+4*small steel corners) to connect the Headboard+ Left bed side+ right

bed side+ footboard .

Firstly Connect 4 sides with the small steel corners and then install the big steel corners to fix all parts of the bed.

Step 3: Install the legs of the bed slat(3legs on Left side+3 legs on right side+2 legs in the middle, the legs could adjust the height accordingly.) Put the bed slat on the BIG CORNERS, all installation done.
